Dear Martin and Valerie

RE: FRM 310/2002: URGENT: Comments on the Project Agreement

We experience problems with our email system and we cannot send any email nor can we receive emails from outside firms. Please find herewith an email sent yesterday with our comments on the Project Agreement. As soon as these comments are implemented, we can sign the Agreement.

Please note that we should have both signatures before next week Wednesday (19 March 2003).

Should you have any questions, please do not hesitate to contact me.

With kind regards

Vm to
Gerry Kaine
